

**Course Schedule Spring Term (March 24-May 26, 2015)
Meeting at Faith Baptist Church, 22 Faith Ave, Auburn, MA**

The Good News of the Gospels (2-5 PM or 6-9 PM)

There are few things more important for a believer than Jesus. Would you like to know more about Jesus' earthly life and ministry? Or have you wondered about how to explain both the remarkable similarities of the four Gospels as well as their occasional differences? This course is an exploration of the radical nature of the life and teachings of Jesus Christ as well as their transmission and incorporation into the Gospels. Taught by Dr. Brian Labosier

**Challenges to Christianity (6-9 PM)
(Ethics and Apologetics)**

You may know what you believe, but do you know why you believe it? For example, can you offer a helpful, biblical response to young Christians in your church on how to make moral decisions on such topics as abortion, euthanasia, sexual ethics, homosexuality, capital punishment, a Christian view of war and peace? Can you offer a credible witness to a Jehovah's Witness concerning the deity of Christ, or explain how miracles are possible? Can you offer an intelligent, biblical response to why God allows suffering and evil, or defend Christianity to a member of another world religion, such as Islam? Can you defend the reliability of the Bible or explain the biblical teaching on heaven and hell to high school students? If your answer to some of these questions is "No," then this course is for you. Taught by Dr. Wayne Hansen.
